

Hello AGAIN!

Since the hair salons are shut down again, I am now only able to offer home service at this time. If you are interested in this service, please let me know either by email (leehaircutting@gmail.com) or phone (424) 777- 6225. It is a daunting scheduling challenge.....because this is so, I can only book fairly close (no more than a week) to the actual visit. This is because of the logistics due to distance and time of scheduling and limited days that I'm able to offer, therefore the web booking site is not currently open.

I am self contained and don't need electrical outlets. My experience doing this up until now has been working primarily outdoors, but this would be up to your personal choice . The price I now ask for is \$35 for age 16 and under and \$40 for over. I am now introducing service for ladies, and that fee is the same or fairly close to the adult price quoted...but could vary somewhat depending on the work involved. There would also be a reasonable service charge depending on the time and distance and the number of clients per visit. I can quote this based on the individual variables that occur when I know what they are.

As this is a time of hardship for all, I can say I appreciate that it is, and give thanks for all of my loyal clients and your continued patronage. I expect this arrangement is somewhat temporary and that I'm able to continue giving this service during what remains of it.

Many thanks,
Lee
